

TELEGRAPHIC.

BATTLEFORD, August 16.

D. Arcand's father is dangerously ill. Mrs. Supt. Howie, returned from Regina on Tuesday.

Prince's saw mill is now under the directorship of Mr. J. G. Oliver. Captain Robinson, Dominion steamboat inspector, arrived here from Edmonton on Monday.

Harry Parker and Mr. Clark leave next Friday for Duck Lake. Rev. M. Clark joins the party there.

A young boy named Bellamy died from inflammation of the brain on Tuesday and was buried this morning.

The snow loaded with beer for the N. W. M. P., Battleford, arrived at Fort Pitt on its way from Edmonton last Tuesday.

Rev. T. Clarke, principal of the industrial school started for Regina and Winnipeg yesterday. He will return in two weeks.

R. Stroncher of Prince Albert has opened out in the jewellery business in R. C. McDonald's old stand. His family will arrive by next stage.

Fire was discovered among the coal at the Industrial school on Sunday morning and the cellar had to be emptied before it was put out. Even then it started again and burned for a very long time before it was extinguished.

J. M. Neely of Prince Albert has accepted the position of assistant principal of the Industrial school relieving Mr. Fenwick who is now in charge of the Moose Jaw High school. Mr. Neely has arrived and will shortly be followed by his family.

The most terrific hailstorm ever experienced by anyone here passed over Battleford on Saturday evening last about 7 o'clock. It travelled from south to north and covered the ground to a depth of several inches, breaking hundreds of windows. Many of the hailstones were bigger than hen's eggs, which completely cut up the gardens and destroyed all growing produce. The storm lasted half an hour.

LOCAL.

A RATHER severe hailstorm passed over Innisfail on Sunday.

NOTING on the school by-law has been postponed until the 29th.

A CAR load of British Columbia lumber arrived for Fraser & Co's mills on Monday.

MISS L. TAYLOR left for Calgary on Tuesday to visit her brother E. Taylor, manager of the H. B. Co. store there.

HAVESLIP and Nagel are expected in with their outfit of fur from Fort Resolution this week. They are reported to have about \$30,000 worth with them.

A NUMBER of settlers came up on Monday night's train. Four came from South Dakota, four from Minnesota, and others came from the Middle States.

The gentlemen of St. Joachim's church will meet in the schoolroom at 4 p. m. on Sunday afternoon to attend to matters pertaining to the welfare of the parish.

Messrs Hepler, Stempfer, Wisegrad Gross who came in from South Dakota on Monday's train drove out to view the country around St. Albert on Tuesday. They are much pleased with the district.

MR. LINDOW and a few enterprising citizens of Fort Saskatchewan have engaged some experienced miners to prospect for gold down the river. A company will be organized and operations begun on a large scale.

W. T. LAYOCK, H. B. Co. manager of the Edmonton district left last Tuesday morning for Athabasca Landing to make the last trip of the season with the steamer Athabasca and bring down the furs collected by the outposts in the McKenzie river district.

ALL members of Societe de Jean Baptiste d'Edmonton, are requested to attend a special meeting which will be held in the C. M. B. A. building on Sunday evening at 8 p. m. to look over the constitution and consider the advisability of having a fall convention.

THE police at Fort Saskatchewan have had recourse to them by an Indian, the death of Mr. Guillion who was killed by a French half-breed near his claim on the Athabasca trail in a quarrel arising over a dispute as to the ownership of lay lands. The police are enquiring into the story.

A district Rod and Gun Club has been inaugurated at Red Deer with the following officers: President, J. G. Jessup; vice president, F. E. Wilkins, M. L. A.; secretary and treasurer, Rev. F. W. Goodman, (Red Deer and Lacombe missions). Committee: Messrs. A. Cowan, C. D. Fleming, Serg. Dunning and G. S. Wilkins. A goodly number of sportsmen from different parts of the district have already become members of the club. A tastefully arranged card of membership has been drawn up, setting forth the objects of the club and urging members to further the cause of fish and game protection by reporting any infraction of the laws provided for the protection of fish and game, which may come under their observation or to their knowledge.

JOHN ALLAN, the Toronto athlete, left with Mr. Leeson, for Calgary on Tuesday's train and purposes sojourning at Banff for a few weeks prior to returning east. John Allan has run races in many cities of the United States and has never been beaten in Canada. He has been running races ever since he was 14 years old; but he never ran such a race as when on the 19th of Sept. 1890, at the age of 24, he ran against M. C. (Sticky) Murphy, trainer of the Detroit Athletic Club, when over \$3000 was bet upon him by Toronto sports. On that day he beat the American record, doing the quarter mile in 51 seconds. Murphy was at that time the 300 yard champion of America and the Detroit Critic and Toronto Mail of that date devoted nearly two columns to describing the race and furnishing particulars. Mr. Allan thinks the Indian Mooswah an exceptionally fine runner, much above the average, and is the fastest runner he has met in the west. He considers him a well built fellow and must have been in good form or could never have run the 300 yards as he did.

J. TAYLOR has purchased D. S. McKay's farm three miles from town for the sum of \$1900.

A RAFT of lumber left Fraser & McKiernan's mill for parties down the river yesterday.

CARLING & LAKE of Golden B. C. shipped a consignment of furs to Jas. Walsh arriving here by Monday's train.

THE water tanks that were not filled on Saturday were filled by the fire brigade members yesterday. All the tanks are now full.

REV. G. W. DEAN attended the district meeting of the Methodist church at Calgary this week. He will return on to-night's train.

HON. Wilfred Laurier will go direct to the coast on leaving Winnipeg. It is his intention to visit Calgary and Edmonton on his return journey.

A PRETTY specimen of the Promethia Moth was caught in town at Dr. Braithwaite's and has undergone arsenical preparation at Mr. Martin's where it is on view.

MR. GRAHAM, who is interested in a coal mine recently purchased from Mr. Morin, is building a residence facing the grade from the flat to the Cliff House, 24x14.

Mrs. McDONALD, wife of H. McDonald, Hudson's Bay Co. factor at Lesser Slave Lake, is in town on her way to Winnipeg with her son Sam whom she intends sending to college there.

ABOUT one hundred and fifty thousand dollar's worth of furs have been marketed at Edmonton this season of which about seventy-five thousand dollar's worth are in possession of the Hudson's Bay Co.

MR. W. P. ANDERSON, chief engineer of the Marine Department, Ottawa, left for Winnipeg on Tuesday's train. He will be engaged for some weeks on a hydrographic inspection of Lake Winnipeg and a survey of the steamboat routes.

At a meeting of the directors of the Edmonton Electric Light Co. held on Tuesday night, it was decided to purchase a new tandem compound, 150 horse power engine from the Robb Engineering Co. of Amhurst N. S. This will run the dynamo to its full capacity of 1500 lights.

LOUIS COSTE, chief engineer of the Department of Public Works, Ottawa, came in on Monday's train, and by appointment met Col Anderson chief engineer of the Fishery Department, Ottawa, with whom the site of the new bridge and general bearings of the locality were inspected early on Tuesday morning. Both gentlemen left for the east on Tuesday's train.

A FINE head of the wood buffalo, brought down by an Indian from Chipewyan with Peter Lutted's party has just been mounted for Mr. C. D. T. Becher of the H. B. Co. fort by Mr. Martin, taxidermist. The head is a very valuable one and is the only one brought to town this year. Two other fine specimens in course of mounting for the same person are the heads of a mountain goat (the first ever mounted here) and a mountain sheep.

THE cicada or seventeen year locust whose chirp was so noticeable among the poplar trees in front of the town last month, has disappeared. The cicada's life above ground is very short and towards its close the female deposits her eggs in a young twig of a tree. After laying 400 or 500 eggs she dies. The eggs hatch in about a month, the larvae drop to the ground and burrow down to the roots of the tree, there to remain for another 17 years. The 17 year cicada occurs on no other continent than North America and has a longer life period than any other insect on the face of the globe. Edmonton will not hear its chirp for another 17 years.

JOHN GROSS, of Faulkton S. D., registered at the Hotel Edmonton on Monday night. He reports harvest over in South Dakota. It has been a very light one, so light in fact, that off 17 acres of oats, only 27 bushels was threshed; less than two bushels to the acre, and that so light that it would blow away like chaff before the wind. It is now five years since farmers had a crop there. Passing through Minnesota, the crops were a complete failure until nearing Fargo where there was a perceptible improvement which continued along the Red River Valley. Mr. Gross has friends in this district and, so far, thinks very highly of the quality of soil and general advantages in coal and timber that he finds so plentiful here.

MR. LARIVIERE, fur trader, departs this week, taking with him over twenty wagon loads of goods and supplies for his trading post at Lesser Slave Lake. The distance to be travelled is about 350 miles, a great part of which will be by water, down the Athabasca river and across the lake. This is accomplished in Yorkie boats. Mr. Lariviere has posts in the Peace river district, and some of the supplies will be freighted into that region. In winter the supplies are taken in by dog trains and during the past winter communication with Edmonton was kept by means entered-ed that region is dispelled when we learn that there is a population of over 1000 people in the immediate vicinity of the Fort and three churches and two schools are fully occupied in morally and spiritually instructing them. About fifty men are engaged in farming and all are well supplied with horses, stock, and implements. The crops this year are reported to be excellent, wheat oats and root crops looking quite as well as at Edmonton, while thousands of tons of hay will never be cut, owing to the great extent of low lands and the bountiful crop. In seven years there has been no frost to do damage, and all farm produce can be successfully raised there. A harder coal is mined than that mined at Edmonton and timber of various kinds is plentiful. Besides farmers, there are about thirty gold miners; but the greater part of the population are trappers and Indians of the Beaver, Cree and Dog Rib tribes. Mr. Lariviere sold over \$10,000 worth of fur while down here. They were shipped to England last week. Considerable commotion noticeable for the past few days consequent upon so many teams loading up for the journey. Most of them will be on the road to-day.

MESSRS Fraser & Kelly are measuring off the site for the new electric light station. The building will be built of brick.

MR. SAGY of the C. P. R. land department, has collected grasses from the vicinity of Cooking lake, Mill creek and other localities and will return to collect grains in the course of a week or two.

NEW ADVERTISEMENTS.

FOR SALE.

House and Lot for sale. Apply to WM. EASTON, Contractor.

TENDERS WANTED.

Tenders will be received by the undersigned up till 6 p.m. on Saturday, August 25th, for the erection of a brick school house in South Edmonton. Plans and specifications to be seen at the secretary's store. Parties tendering will be required to make a deposit of two per cent. of the cost of construction, which will be returned if tender is not accepted. The lowest or any tender not necessarily accepted.

H. B. HORTON, Sec. School Board.
Dated this 15th day of August, 1894. 83-85

McNicol, accountant, Imperial Bank block, who are authorized to receipt for the same. Orders for subscriptions, printing and advertising will be taken at the office as usual and promptly attended to.

FRANK OLIVER.

NORTHWEST ASSEMBLY.

REGINA, August 10th.

Haultain presented a petition from the town of Moose Jaw for the legalization of a certain by-law.

Oliver presented a petition from Regina council, Royal Templars of Temperance asking for prohibition of the liquor traffic.

Dill reported from the agricultural committee suggesting that show cases be furnished agricultural societies in which to keep samples of various weeds for the information of farmers and others unacquainted with their appearance. He also read a report acknowledging the efforts made by the mounted police towards extinguishing prairie fires, and asking for a continuance of the same. Also recommending the printing and distribution of posters giving information as to the ordinance for the advertising of stray animals. The reports were adopted.

Mitchell gave notice of a bill to provide for threshers liens, and a number of other notices were given.

Davidson moved the following resolution:

Whereas the freight rates charged by the Canadian Pacific Railway Company, especially those on grain, the raising of which is the principal industry of these Territories, are exorbitant, unreasonable and unfairly discriminatory:

And whereas the levying of such excessive rates and tolls by the said Company is an intolerable burden, depressing the whole of the Northwest, and hindering proper development of same;

Therefore this Assembly humbly prays that the Dominion government will exercise the power given them by law, or in the absence of such power will bring in such legislation as will empower the government of Canada to interfere in the public interest, and bring such other pressure to bear on the Canadian Pacific Railway Company as may be necessary in the true interests of the whole of the people of the Territories, to so reduce their rates as to relieve the people of their unjust burden.

In support of the resolution he said that a former resolution of the Assembly had had some effect in securing a small reduction of the grain rates. The present condition of the Territories was such as to require a still further reduction. He gave figures which appeared in the Northwest as compared with those on the Canada side as compared with those of the States. Last year the people of his district, South Qu'Appelle, paid many thousands of dollars more for hauling out their grain than they should have paid, if this amount could be distributed amongst them now they would not need to come to the legislature this year to ask relief. If the rates were not lowered they would have to cease growing grain.

Neff seconded the resolution. He doubted if the resolutions hitherto passed by the assembly had done as much good as the mover had estimated, but no doubt they had done good and no doubt this one would do good also.

Insinger thought that the assembly had better await an answer to its last resolution before offering another and running the risk of a snub.

Jelly supported the resolution strongly and quoted figures showing the excessive cost of transporting grain out of the Northwest.

Oliver supported the first and third clauses of the resolution, but could not agree with the second as he considered it misleading and likely to injure the Territories as a whole and especially the prosperous parts of the Territories unnecessarily. It was not necessary to say that the country was going to smash in order to make out the best possible case for lower freight rates. If we hoped to win, it must be on the justice of our case and not on the plea of poverty. Because part of the country was suffering from crop failure and high freight rates combined was no reason why other parts of the Territories should allow themselves to be advertised as being in the same condition as apparently was the intention of the mover. Parts of the country were prospering in spite of the high freight rates, by reason of their natural advantages and the abundance and excellence of their resources. To declare or insinuate the contrary as the second clause of the resolution did would be to do a substantial injury to those districts, which as the representative of one of them he could not agree to. He moved in amendment that the second clause be struck out. Lost by a vote of 12 to 10. The resolution was then carried.

Page's ordinance respecting the advertising of stray animals was read a first time.

Wilkin's bill to regulate traffic upon public bridges was read a second time.

Lineham's bill respecting fences south of township 31 passed the committee.

Neff's bill adding four cows to the present exemptions of a farmer making six in all, was considered in committee.

Insinger asked that the bill remain in committee and that he be allowed to bring in certain amendments providing for absolute exemptions, unless the exemption is specially waived by the wife as well as the husband in the case of married people, and to provide other amendments. The request was agreed to.

THE CUTTING OF THE HAY.

The "bull dog." The "bull dog,"
At the cutting of the hay,
I've "cussed" them hard and often,
But failed their hearts to soften,
'Till I mashed them good and soft with
My fists while cutting hay.

They'll light upon your eyelid
When your hands are both engaged;
They'll bite and buzz the harder,
The more you are enraged.
They'll nail you on the cheek;
They'll chew your face and neck,
'Till you're left a total wreck
At the cutting of the hay.

They'll buzz and hum around you
Like hungry wolves by night,
Did with impudence unbowed,
Start in chewing where they light.
They've "cheek" and "gall" enormous;
Their music fails to charm us;
Engaged for e'er your arm is
At the cutting of the hay.

I've tried all ways and manners
To get even with those chaps;
I've soft soaped, dodged and cajoled,
While my ears would ring with slaps,
The conundrum I give o'er;
Let them buzz, and sting, and bore,
'Till they're landed on the shore
Too hot for cutting hay.

J. M.

Rev. Abbe Morin, the colonization missionary of French-Canadians in the Northwest is in Montreal making arrangements to leave on September 4th, with another batch of settlers for Morinville, near Edmonton on North Saskatchewan. He says the crops are looking well in the Territories and will surpass those of Manitoba.

Irrigation is having a practical trial at the Blood Indian agency, near Macleod. Mr. Wilson has erected a water wheel fourteen feet in diameter, having sixteen buckets attached. The buckets work inside the spokes, and are calculated to empty about thirty gallons of water per minute. The water is intended simply for the agency garden.

A press despatch from Cummings, North Dakota, says: Ten prairie schooners passed through here to-day bound for Alberta. They came from Madison, S.D., and reported a total failure of crops in that section. Asked as to the outlook for success in the Canadian Northwest, said they did not know, but believed they could not find a worse place than where they came from.

Senator Loughheed, of Calgary, is in Montreal at the request of a number of citizens of Medicine Hat to represent their side of the case in the Niblock matter. These citizens firmly believe that Mr. Niblock is perfectly in the right in all the matters in dispute and they have asked Mr. Loughheed to represent them before the C. P. R. directors. The employees have all signed a petition urging that Mr. Niblock be retained, and a large number of citizens have forwarded another petition of the same tenor.

Mortgage Sale

OF VALUABLE

FARM PROPERTY!

Under and by virtue of a certain memorandum of mortgage made in pursuance of the Territories Real Property Act and amendments thereto, which mortgage will be produced at the time of sale, there will be offered for sale at public auction on Friday, the 31st day of August, 1894, at 2 p.m., at Robertson Hall, in the Town of Edmonton, the following property:

All and singular that certain tract of land containing 320 acres, more or less, and being composed of the Southwest one quarter of Section 34, Township 55, Range 24, West of the Fourth principal meridian, and the Southeast one quarter of Section 34, Township 55, Range 24, West of the Fourth principal meridian, in the district of Alberta, in the Northwest Territories of Canada.

EDMONTON

"Bulletin"

(SEMI-WEEKLY.)

Monday ^A Thursday ^N

104 PAPERS 104

IN A YEAR FOR \$2.00.

News of Edmonton and surrounding up to the hour of issue.

THE BULLETIN is read more generally throughout the Edmonton district than any other paper.

News of the world by telegraph up to day of issue, and from two to five days ahead of any other paper reaching Edmonton.

Controlled only by the proprietor and therefore always ready and willing to speak out for the good of the town and district.

Fair advertising rates charged, and like rates to all. No advertising of a questionable nature admitted if its character is known.

Support your home paper liberally if it deserves support, so that it can give the best possible impression of your town and district as a field for immigration and investment.

If you want to do business in the Edmonton district you can reach more of the people with a less expenditure of money through the advertising columns of the BULLETIN than by any other means.

THE BULLETIN Printing Office is second to none in the Territories. Only first-class machinery, type and paper employed. Printing of all kinds done promptly, neatly and cheaply. Call and see samples of work and get prices before ordering your printing elsewhere.

H. B. CO. REPORT.

The following is a report, as supplied by the Canadian Gazette, of Sir Donald A. Smith's speech, addressing the shareholders of the H. B. Company:

"In moving its adoption only a few words are required from me. The report gives every information which, I think, is required by the shareholders. You will see that the profit for the last year has been \$45,912 17s. 9d., to which has to be added \$29,116 8s., brought forward last year, making a total of \$75,028 5s. 9d. Taking from that the dividend of 10s. per share—\$50,009—leaves a sum of \$25,029 5s. 9d. to be carried forward to next year, or \$4,087 2s. 3d. less than last year. The reduction in the profit as compared with last year is due to the disastrous state of affairs in the United States, to the depression in Canada—which is of a very much smaller extent than in the United States, to the very great depression in trade in this country. This great depression has been felt not only in Europe and America, but in the whole of the colonies, markedly Australia, as you know; and, in view of the crisis in America, we think we do very well indeed in declaring a dividend on this occasion of 10s. per share.

The collection of furs was not quite so good this year as in the preceding year, yet, on the whole, the collection has kept up very well indeed, seeing that a great portion of the country has been opened for settlement. I think that our being able, in such an exceptional year as the present, to recommend to you the dividend now proposed is an earnest that in the future you may look for moderately good dividends at least, when there shall be a revival of business, and when things shall have returned to their normal conditions. The land sales are, as you also will observe, much less than in the foregoing year. The receipts are less by £10,177 16s. 2d., while the sales of town lots and farm lands are reduced by \$71,451, say, \$14,680. This is in a great measure owing to the unprecedentedly low price of wheat. Never before in America—nor, I think, in this country—has the price of wheat been so low as during the past year. We have been very careful to introduce and insist upon, economies in the business, and I am happy to say that in this the directors have been very willingly seconded by their commissioner, Mr. Chipman, and the other officers of the company.

I may say that the showing of the present moment—that is, the \$45,000 profit—is in a very great measure due to the economies that have been introduced within the last three or four years.

We have been asked by some shareholders if we consider that the property owned by the company is well worth the present par value of the shares. On former occasions I have not hesitated to say that I believe that apart altogether from what you have in the trade—and, of course, that represents a large value—you have, in your lands alone, assets not only equal to the full par value of your shares, but several times that value; and when there is a revival of business we shall, no doubt, have also greatly increased sales. I have said on former occasions that your best customers for the lands are those farmers who, having settled and acquired homesteads, are anxious to add to their property so soon as they have made sufficient money to make a purchase from the company. As you are aware, your lands are to be found in sections throughout the Northwest—1,100 miles east and west and 500 miles north and south; and as you have two sections in each township of six miles square, in no case are your lands distant more than three miles from any railway running through the townships. You have further the benefit of having as your customers all those farmers who are settled in the different townships, and as surveying goes on and as the country is filled up with settlers, so may you look for increased profits.

There really remains nothing further for me to say, but I shall be happy to answer any questions which may be put by shareholders.

The report and accounts were unanimously adopted.

The executive committee of International Lodge of Good Templars has again refused to rescind the edict against dancing at lodge meetings. No less than fourteen lodges have thrown down the gauntlet and declared that having been guilty in the past, they are liable to be guilty again in the future.

Under the new Dominion Franchise Act there is a change in the form of ballot to be used at elections. There is to be no white margin on the side of the ballot paper, and all portions of the ballot paper are to be colored dark except the divisions containing the names of the candidates and circular spaces opposite the names, in one of which circles electors will be required to put their cross.

Rev. Mr. Hack, secretary of the German Baptist missions in the States and Canada, returned on Thursday from an extended trip along the C. P. R. in the Northwest, visiting all the German Baptist settlements. Mr. Hack is well pleased with the prospects of his people, and he says that in the great majority of cases they are doing well and building up nice homes for themselves. He is especially struck with the progress at Leduc, near Edmonton.—Winnipeg Tribune.

Calgary Herald: Mr. Swanson, returned from the north on Tuesday evening after having placed a number of Scandinavian settlers in various places throughout northern Alberta. The majority selected lands at Wetaskiwin but other places from Red Deer north secured portions of the party. Mr. Swanson also brought with him seven delegates from the New England States all of whom were satisfied with the country as they saw it and have selected homesteads. After placing his people Mr. Swanson revisited several Scandinavian settlements in the north from Wetaskiwin to Red Deer, finding all his countrymen enthusiastic regarding the country of their adoption and all doing well. The success already achieved makes the prospects good for future immigration work.

The Calgary council is negotiating for the purchase of two or three hundred acres adjoining the city as a site for an Indian school. The proposed school is to be under the auspices of the Church of England, and Bishop Pinkham, assisted by a committee of his diocese, has already made an inspection of the various sites offered and reported thereon. The choice at the present date is the property of Mr. J. G. Fritzgerald, a little over two miles beyond the city limits, on the southwest bank of the Bow.

GERMAN IMMIGRATION.

Mr. Rudolph Bach, of Montreal, arrived in Winnipeg last week on his way to visit the German settlements of Alberta and the Northwest. He will visit the different parts of the country where Germans are settled; and, arriving just in harvest time, he will be able to form a very correct judgment as to their position and prospects. He will see for himself what the soil produces in a season which in some respects has not been the most favorable, and having had some practical experience in farming he will be able to appreciate what he sees and what the German farmers tell him of their efforts and the results during longer and shorter times in this country.

Another special subject of inquiry by Mr. Bach will be mining; the Germans, he says, are deeply interested in everything relating thereto, and the capital which they have invested in mines in many parts of the world is something enormous.

While sending the facts bearing on immigration to old country papers, Mr. Bach will also, doubtless, send a number of descriptive articles to the New Yorker Staats Zeitung, of which he is the Canadian correspondent in Montreal and the sole agent in Canada.

After visiting southwest Manitoba he will go up the line of the Manitoba & Northwestern to Langenburg; later he will continue his trip westwards to Calgary, visiting points of interest along the way; from Calgary he will go to Edmonton and the Rocky Mountains and British Columbia will be taken in their course. He expects to devote two or three months to his tour of inquiry.

"There can be no question," says the Toronto Mail, "that immigration into Canada is not what it should be. The policy pursued, as regards filling up the Northwest, was not the best that could have been devised. Too much land was given to companies and too little for free distribution. The complaints with reference to the tariff and freight rates have had a very bad effect. It looks as if in the matter of colonization we are not half as enterprising or persistent as the circumstances require. If a special attempt is not made now by the federal authorities to bring population to it, what is the use of tariff reduction or the large expenditures we are incurring there?"

LOCAL

The telegraph line between here and Calgary is down.

MAJOR GRISBACH of Fort Saskatchewan, was in town yesterday.

D. Ross is making improvements to facilitate operations at his coal mine.

MAYOR McCARTER leaves for the Landing to-day and will return with Dr. Selwyn on Monday.

It is reported that the next election for the Legislative assembly will be held in December.

A MEMORIAL re export rates is being prepared by the Board of Trade to forward to the C. P. R. authorities.

A PICNIC party numbering about thirty, drove out seven miles into the country yesterday, and lunched near Mr. Harworth's.

The appearance of Harrison Young's garden on Wednesday morning was suggestive of a Kansas cyclone having passed over it. Cows died.

Two more children have died at Athabasca Landing of the same disease as Mr. Young's child which has caused the district medical health officer to enquire into the malady.

A registered letter supposed to contain \$20 was opened by Mr. Hockley only to find the money not there and one end stuck together with black wax. The end had been cut with a knife.

Two photographs of the proposed sites of the bridge across the Saskatchewan were taken by Mr. L. Coste, engineer of the Public Works Department, Ottawa, whilst here on Tuesday.

A suction pump to be used for drawing up sand from the bottom of the river and to be used for gold mining has been forwarded to Mr. T. Duggan of South Edmonton for trial. The new machine will be used when the river will permit and will be worked with a steam engine.

MR. PARADES, who is reported to have found the remains of an Indian woman on the Athabasca trail has not been found yet. He is now supposed to be seventy miles down the river; but the police can not locate him. The fact of persons not reporting directly to the police often causes much trouble, as this, and another similar case on the Athabasca trail now in their hands testify.

THE Baptist Sunday School picnic, which was postponed on account of rain, will take place on Saturday the 18th inst., at Groat's grove, weather permitting. Friends and adherents of the school bringing their children or friends are requested to bring baskets of provisions. Free buses will be run at intervals through the forenoon from the church to the grove, beginning at 9:30. Baskets should be at the church as early as possible for conveyance to the grounds.

THE fall tournament of the Edmonton Rod and Gun club will be held on Saturday afternoon Aug. 18th, when the following events will take place. 1st. Shooting at 15 single birds; 2nd. Shooting 3 pair and 6 single birds; 3rd. Shooting at 12 single birds; 4th. Shooting at 6 single birds, unknown angles. 5th. Shooting at single birds. Teams to be picked on the ground. The American Association rules will govern the contest which is open to all comers. Shooting commences at 1 p. m.

A WEDDING took place in the Queen's hotel yesterday morning when A. W. Billeau, bartender of the Queen's was married to Emma Lowe. Rev. Mr. Stenden was the officiating clergyman. Miss Daubeux acted as bridesmaid and Mr. S. Clutter assisted the groom. Among the present were two from several of the groom's friends consisting of an extension table and a dinner set of 110 pieces. Mr. Alexander presented a tea set, Mr. and Mrs. Jackson a bedroom set and a half dozen chairs, Mr. Chave set of iron, Miss Levick water set and tray. Many other present were given.

PROCEEDINGS under the Summary Trials Act was instituted at the police barracks yesterday afternoon before C. W. Sutter, J. P. and Mayor McCauley, to enquire into a complaint preferred against A. Doyle. The evidence of J. Malone and John Baldwin went to show that on Aug. 6th they were driving along the road near the nuisance ground when they came across Doyle on the road ahead of them in his cart. He called to them and charged them with stealing his potatoes. When Doyle got to his camp he went in and Malone and Baldwin drove on. Doyle then came out of his camp with a gun and pointing it towards them said he would shoot them. In refutation of this, Doyle said Malone had threatened to beat him on account of money said to be owing him and to escape Malone he went into the camp and locked the door. He was alone and seeing them drive up, he went out with gun in hand and told them not to come inside of the fence. The gun was not loaded and he knew it and there were no shells in the house to load it with. Being alone, he took this method of keeping them away and saving himself from a beating. The magistrates reserved judgment. Mr. Short appeared for the plaintiff, S. S. Taylor for the defendant.

HOTEL ARRIVALS.

Monday.

Columbia—T. Levisley, Lethbridge; E. Cheigny, A. Rottot, St. Albert; A. Hall, Sturgeon.

Alberta—G. H. Harpe, Saddle Lake; T. R. Haddon, Sturgeon river; T. Shore, J. H. Begg, Calgary; D. Geddes, Ottawa; F. Castaing, A. M. McKillop, Winnipeg; N. Smith, Montreal; F. Hamilton, Wetaskiwin; G. W. Gardiner, J. C. McDonald, St. Albert.

Jasper—A. M. Watt, T. Sullivan, C. F. Stewart, Fort Saskatchewan; R. Logan, Beaver Lake; C. Billings, G. B. Wyatt, G. Knapp, Calgary.

Queen's—J. B. Langlais, St. Albert; N. B. Heath, Mrs. Heath, Miss Heath, Leduc; J. G. Campbell, Winnipeg; Felix Devorack, V. Cousineau, Ft. Saskatchewan; Mrs. E. McDonald and son, Lesser Slave Lake; J. S. Gross, Falkton, S. D.; J. Chas. L. Dorais, F. Lamoureux, Stony Plain.

SOUTH EDMONTON.

Hotel Edmonton—P. A. H. Primrose, Ft. Saskatchewan; Thos. Johnston, Winnipeg; G. Vanteler, Montreal; V. W. Nanton, Calgary; R. Rodolph, Bruce; A. R. Carson, Toronto; A. Laffin, Banff; D. McMillan, Moscow; J. S. Gross, Yankton; S. Garnhern, J. Balyen, Leduc.

Ed. Cuff, champion middle weight of the coast is still here and a bout with a local sport is expected to take place within three weeks. \$100 has been subscribed so far.

SCHOOL MEETING.

Minutes of a meeting of the trustees of the Edmonton Protestant Public School District No. 7 held in J. McDonald's office Aug. 14th at 11 a. m.

Present, M. McCauley, J. A. McDougall, Jas. McDonald and John Cameron.

Minutes of last meeting read and confirmed.

The report was read from the Inspector and was found very satisfactory to the trustees. The secretary was instructed to acknowledge the receipt of said report.

The following accounts were passed.

Pay sheet July	\$324.65
Smith & Co.	60
A. G. Randall, notices	1.00
W. S. Robertson, rent of hall	12.50
Geo. Thompson	2.00
Water	2.50

The secretary was instructed to write the caretaker to attend better to his work of keeping the schools clean.

Moved by Jas. McDonald, seconded by J. A. McDougall, that as the poll for voting on de-lenture by-law was not opened when advertised, that another poll be opened on the 25th day of August.

The meeting then adjourned.

The nest of the one prairie chick found on Mr. Wilkes' property containing 12 eggs, hatched out alright, and the old hen with her brood has been seen now and again. Another of the birds laid some eggs in a ploughed furrow in a field near Blair, and as it was seen they would be destroyed they were taken by a gentleman and placed under a hen. They were hatched out all right and doing nicely when some animal got at them and killed them all. The experiment with the eggs procured was a failure. Every care was taken after their arrival here, but they must have been added in transit, as none hatched out.—Galt Reporter.

METEOROLOGICAL.

The following temperatures are reported from the Dominion government observatory, Edmonton, for the dates given:

	Max.	Min.
Monday, 13.	68	
Tuesday, 14.	75	46
Wednesday, 15.	80	49
Thursday, 16.		49
Barometer reduced to sea level 29.939.

TO BUSINESS MEN.
JELLET & CAMPBELL, Accountants and Book-keepers, are prepared to take collections at reasonable rates. Satisfaction guaranteed. Work solicited. \$111

HOMESTEAD REGULATIONS
All even numbered sections excepting 8 and 26 are open for homestead entry (160 acres) by any person sole head of a family, or any male over the age of 18 years.

ENTRY.
Entry may be made personally at the local land office for the district in which the land to be taken is situated or if the homesteader desires he may on application to the Minister of the Interior, Ottawa, or the Commissioner of Dominion Lands, Winnipeg, receive authority for some one to be named by the intending settler near the local office to make the entry for him. Entry fee \$10, or if cancelled land \$20.

DUTIES.
Under the present law homestead duties may be performed in three ways, to be decided on making entry:

1. Three years' cultivation and residence, during which period the settler may not be absent for more than six months in any one year without forfeiting the entry.

2. Application for patent may be made before the local agent, or any homestead in the district.

3. Six Months' Notice must be Given in Writing to the Commissioner of Dominion Lands by a Settler of his Intention Prior to Making Application for Patent. PRE-EMPTIONS may be taken by law and may not be entered for after Jan. 1st, 1890.

A Second Homestead.
May be taken by anyone who has performed the duties in title him to a certificate of recommendation for the first homestead on or prior to the second day of June, 1890.

Forfeited or cancelled Pre-Emptions may be taken as second homesteads.

All communications having reference to lands under control of the Dominion Government, lying between the eastern boundary of Manitoba and the Pacific Coast should be addressed to:

H. H. SMITH, Commissioner of Dominion Lands, Winnipeg.

MAIL TIME.
The mail arrives at Edmonton from the South on Monday and Thursday evenings at about 7:30 o'clock. Box holders may get their mail the same night. The general delivery opens at 8 a. m. on Tuesday and Friday mornings.

Mails leave for outlying points as follows:

Clover Bar, Agricola, Fort Saskatchewan and St. Albert, Monday and Thursday evenings after arrival of mail from South.

Morinville, Nemo, and New Lunnun goes on from St. Albert on Tuesday's only.

Pakan and Saddle Lake leaves Fort Saskatchewan every alternate Wednesday counting from Jan. 3rd 1894.
